

SONs Database - Quick Reference & Implementation Guide

Implementation Priority Matrix

HIGH PRIORITY / QUICK WINS:

- | | |
|---|--|
| ✓ Member Directory with Photos | |
| ✓ Cell Group Roster Management | |
| ✓ Weekly Attendance Tracker | |
| ✓ Integrated Calendar (Academic+Church) | |
| ✓ Basic KPI Dashboard | |

MEDIUM PRIORITY / HIGH VALUE:

- | | |
|---------------------------------|--|
| ○ Training Level Tracking | |
| ○ Evangelism Contact Management | |
| ○ Minutes of Meetings Archive | |
| ○ Event Management System | |
| ○ Mobile-Responsive Design | |

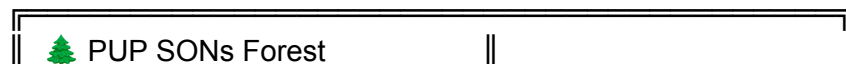

LONG-TERM / ADVANCED:

- | | |
|--------------------------------|--|
| ◇ Gamification (Forest Theme) | |
| ◇ Fundraising Module | |
| ◇ Content Calendar Integration | |
| ◇ Automated Workflows | |
| ◇ Advanced Analytics | |

TO-DO

- ☐ Follow up with Mark (absent sick)
- ☐ Submit attendance for last week
- ☐ Prepare next week's topic

[\[👤 My Cell\]](#)
[\[📝 Report\]](#)
[\[💬 Help\]](#)

Automated Workflows

Weekly Report Automation

TRIGGER: Every Monday 8:00 AM

ACTIONS:

1. Collect attendance data from all cells (prev week)
2. Calculate:
 - Total attendance count
 - Percentage per cell
 - Overall average
 - Comparison to previous week
3. Identify:
 - Cells with <70% attendance (alert)
 - Members absent >2 weeks (follow-up needed)
 - Top performing cells (recognition)
4. Generate PDF report
5. Email to:
 - National Leaders
 - Primary Leaders
6. Push notification to Cell Leaders:
"Weekly report ready - your cell: 80% attendance"

Birthday Greeting System

TRIGGER: Daily at 6:00 AM

ACTIONS:

1. Check for birthdays today
2. For each birthday person:
 - Send personalized SMS/Messenger:
"Happy Birthday Kyle! 🎉 May God bless your new year! - SONS Family"
 - Notify their Cell Leader:
"Kyle's birthday today - consider a shoutout!"
 - Add to calendar notification
3. Generate birthday list for the week
4. Post to Facebook group (with permission)

Follow-up Reminder System

TRIGGER: Daily at 9:00 AM

ACTIONS:

1. Check evangelism contacts database
 2. For contacts needing follow-up:
 - Day 1: Notify assigned person
 - Day 3: Reminder if not completed
 - Day 7: Escalate to Cell Leader
 3. For members inactive >14 days:
 - Alert Cell Leader
 - Generate "Missing Members" report
 4. For training deadlines approaching:
 - 7 days before: Reminder notification
 - 3 days before: Urgent reminder
 - Overdue: Alert to Primary Leader
-

Implementation Checklist

Phase 1: Foundation (Months 1-2)

Week 1-2: Setup

- ☐ Choose platform (Airtable / Notion / Custom App)
- ☐ Set up database tables
- ☐ Configure user authentication
- ☐ Import current member data (54 members)
- ☐ Import cell group data (12 groups)

Week 3-4: Core Features

- ☐ Build member directory interface
- ☐ Create cell group management page
- ☐ Implement basic search/filter
- ☐ Add photo upload capability
- ☐ Test with 2-3 pilot users

Week 5-6: Calendar

- ☐ Set up calendar database
- ☐ Import 2026 academic calendar (maroon)
- ☐ Import church calendar (green)
- ☐ Configure automatic event loading
- ☐ Add event creation forms

Week 7-8: Testing & Training

- ☐ Full system test with leadership
- ☐ Create user guide/tutorial
- ☐ Train primary leaders (5 people)
- ☐ Train cell leaders (12 people)
- ☐ Collect feedback & iterate

Phase 2: Core Features (Months 3-4)

Week 9-10: Training Tracking

- ☐ Build training level database
- ☐ Create progress visualization
- ☐ Add completion tracking
- ☐ Implement certification system
- ☐ Configure automated reminders

Week 11-12: Evangelism Module

- ☐ Create contacts database
- ☐ Build follow-up tracker
- ☐ Add conversion workflow
- ☐ Implement assignment system
- ☐ Create evangelism reports

Week 13-14: Attendance & Reports

- ☐ Build quick attendance entry
- ☐ Create weekly report template
- ☐ Implement KPI dashboard
- ☐ Add export functionality
- ☐ Configure email notifications

Week 15-16: Minutes Archive

- ☐ Create meetings database
- ☐ Build document upload system
- ☐ Implement search functionality
- ☐ Add action item tracker
- ☐ Configure notifications

Phase 3: Advanced Features (Months 5-6)

Week 17-18: Gamification

- ☐ Design forest theme UI
- ☐ Implement level/points system
- ☐ Create achievement badges
- ☐ Build progress animations
- ☐ Add celebration screens

Week 19-20: Fundraising

- ☐ Create campaigns database
- ☐ Build donor management
- ☐ Implement receipt generation
- ☐ Add financial tracking
- ☐ Create transparency reports

Week 21-22: Content Calendar

- ☐ Set up content planning table
- ☐ Import 6-month calendar
- ☐ Add status workflow
- ☐ Implement asset library
- ☐ Configure publishing tools

Week 23-24: Analytics

- ☐ Build advanced dashboards
- ☐ Add trend visualizations
- ☐ Implement predictive insights
- ☐ Create custom reports
- ☐ Configure scheduled exports

Quick Troubleshooting Guide

Problem: Low user adoption → Solution: Gamify onboarding, mandatory for leaders, showcase wins

Problem: Incomplete data entry → Solution: Make key fields required, validation rules, regular audits

Problem: Slow performance → Solution: Optimize images, implement pagination, cache data

Problem: Mobile access issues → Solution: Test on multiple devices, use PWA, offline mode

Problem: Confusion with features → Solution: In-app tooltips, video tutorials, weekly office hours

Document Created: February 2, 2026 **For:** PUP Seeds of the Nations Implementation Team
Version: 1.0 Quick Reference

SONs Database & Cell Group Tracker - Comprehensive System Specification

Organization: PUP Seeds of the Nations (SONs)

Purpose: Cell group management, member tracking, evangelism monitoring, and organizational coordination

Version: 2.0 - Enhanced Specification

Date: February 2026

Executive Summary

This document specifies a comprehensive database and tracking system for PUP Seeds of the Nations to digitize and streamline cell group operations, member development tracking, event management, and organizational growth monitoring through an interactive, gamified interface.

1. SYSTEM ARCHITECTURE

1.1 Platform Selection

Recommended: Progressive Web App (PWA) with cloud database

- **Frontend:** React.js with responsive mobile-first design
- **Backend:** Firebase/Supabase for real-time sync
- **Database:** Cloud-based with offline capability
- **Access:** Web + Mobile (iOS/Android installable PWA)

1.2 Core Design Principles

1. **Mobile-First:** Primary access via smartphones
 2. **Offline-Ready:** Core functions work without internet
 3. **Gamified:** Progress tracking with visual rewards
 4. **Intuitive:** Minimal training required for adoption
 5. **Secure:** Role-based access control with data encryption
-

2. USER INTERFACE & EXPERIENCE

2.1 Forest Theme Interface ("Planting Seeds")

Visual Metaphor: Spiritual growth as forest cultivation

Key UI Elements:

- **Seeds:** New converts/potential leaders
- **Saplings:** Members in training (LC, SOL levels)
- **Trees:** Mature cell leaders and officers
- **Forest:** Overall organization health
- **Fruit:** Evangelism outcomes and multiplication

Progress Indicators:

- Individual member growth visualization (seed → tree progression)
- Cell group health meter (water, sunlight, nutrients = attendance, training, outreach)
- Achievement badges: "Faithful Waterer," "Diligent Laborer," "Multiplication Master"
- Weekly growth animations and celebration screens

2.2 Dashboard Layout

Home Screen:

 SONS Forest Dashboard		
"Good job, Diligent Laborer!" 		
 Quick Stats		
└ 54 Members 12 Leaders		
└ 85% Attendance This Week		
└ 3 New Seeds Planted 		
 This Week		
└ 5 Cell Meetings Scheduled		
└ SOL Training - Friday 2PM		
└ Love Fest Preparation		
 Active Goals		
└ Cell Multiplication (75% ✓)		
└ 10 New Converts Goal (6/10)		

2.3 Navigation Structure

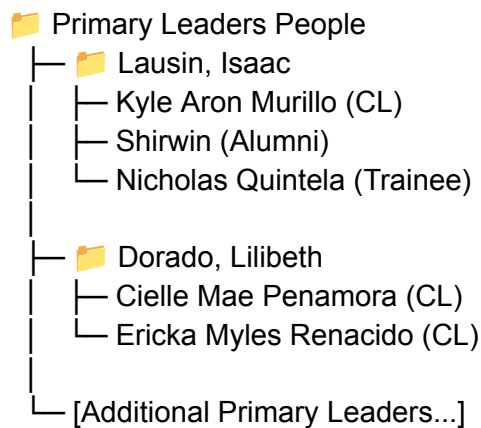

Main Tabs:

1.  **Home** - Dashboard & notifications
2.  **People** - Member directory & profiles
3.  **Calendar** - Events & schedules
4.  **Reports** - KPIs & analytics
5.  **Admin** - Settings & management (role-restricted)

3. DATABASE MODULES

3.1 People Management

A. Primary Leaders Folder Structure

Key Fields per Member:

- Name, Photo, Contact (Phone, Email, Social Media)
- Birthday (Month, Day, Year)
- Campus Status: Student (with Course/Section) or Alumni
- Cell Group Assignment & Primary Leader
- **Status:** Attender → Cell Member → Potential Leader → Cell Leader → Leader of Leaders
- **Training Level:** LC L1-4, Encounter, LC L6-9, SOL 1, SOL 2, SOL 3, Graduate
- Date Joined, Conversion Date, Who Invited
- Service History (positions held, terms served)

B. Potential Leaders Classification

Renamed from "New Converts" to emphasize leadership development

Progress Tracking:

- Initial Contact Date
- Follow-up Schedule & Completion
- Discipleship Pathway Stage
- Training Milestone Completion %
- Readiness Assessment for Cell Leadership

C. Training Level System

Training Progression Dashboard:

Member: Kyle Aron Murillo

Progress:  75%

- ✓ Lifeclass L1-4 (Complete)
- ✓ Encounter (Complete)
- ✓ Lifeclass L6-9 (Complete)
- ☐ SOL 1 (In Progress - 60%)
- ☐ SOL 2 (Not Started)
- ☐ SOL 3 (Not Started)

Features:

- Automated reminders for upcoming training sessions
- Certification badges upon completion
- Skills assessment tracking
- Recommended next steps based on progress

3.2 Cell Groups Registry

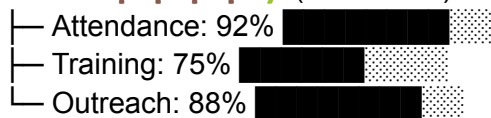

Cell Group Profile:

- Unique ID & Name
- Formation Date & Current Status (Active/Inactive/Multiplying)
- Primary Leader & Cell Leader
- Member Roster with Roles
- Meeting Schedule (Day, Time, Venue)
- Growth Metrics (initial size → current size)
- Multiplication Timeline & Target

Visual Health Indicator:

Cell: Lausin Group (Online)

Health:  (4.5/5 trees)

3.3 Officers & Leadership Tracking

Current Officers Database:

- Position/Role with Responsibility Matrix
- Term of Service (Start Date, End Date, Auto-alerts for term expiration)
- Contact Information
- Leadership Level: Cell → Zone → District → National

- Accountability Chain (reports to whom)
- Performance Notes & Reviews

Officer Transition History:

- Past officers archive with term performance summary
 - Succession planning recommendations
 - Leadership pipeline visualization
-

4. WEEKLY TRACKER SYSTEM

4.1 Events Management

Event Creation Workflow:

1. Event Type Selection (Cell Meeting, Training, Outreach, Conference, Social)
2. Quick Entry Form:
 - Name, Date, Time, Duration
 - Venue/Location (with map integration option)
 - Target Attendees (auto-populate from groups)
 - Responsible Leaders
3. Pre-Event Checklist Generation
4. Automated Attendance Tracker
5. Post-Event Documentation Upload (Photos, Notes)
6. Outcomes & Impact Assessment

Recurring Events:

- Template-based creation for regular meetings
- Automatic calendar population
- Conflict detection and resolution suggestions

4.2 Winning (Evangelism) Module

New Contacts Registry:

- Name, Contact Info, Source (Event, Personal Invite, Campus Outreach)
- Initial Interest Level & Needs Assessment
- Assigned Follow-up Person
- Follow-up Schedule with Status Tracking
- Conversion Tracking with Testimony Collection
- Integration Pathway Progress

Soul-Winning Reports:

- Per Cell Group Statistics
- Monthly/Quarterly Trends
- Evangelism Method Effectiveness Analysis
- Top Performers Recognition

Discipleship Pathway:

Contact: Mark Lawrence Villanuesa

Source: JumpStart Event

Status:  40% Integrated

- ✓ Initial Contact (Jan 15)
- ✓ Follow-up Meeting (Jan 22)
- ✓ Attended DCC (Feb 1)
- ☐ Lifeclass Enrollment
- ☐ Cell Assignment
- ☐ Baptism/Commitment

4.3 Integrated Calendar System

Academic Calendar (Maroon) + Church Calendar (Green)

Auto-Import Features:

- Automatic population of 2026 calendar events
- Color-coded visualization
- Conflict prevention system
- Multi-view options (Week, Month, Quarter)

Table Format (Google Calendar Style):

Mon		Tue		Wed	Thu	Fri	Sat	Sun		
21:00		14:00		13:00	10:00	10:00		17:00		
Online		PUP Main		PUP CEA	PUP CEA	PUP Main		Cuneta		
Kyle CG		Kyle CG		Cielle	Cielle	Hans CG		Wilma		
		CG		CG		CG				

- Conversion Rate: 12 new converts this quarter
- Retention Rate: 89% (6-month tracking)

Engagement Metrics:

- Average Attendance: Worship Service (26), DCC (18)
- Training Completion Rate: 64% (SOL 1), 78% (LC)
- Cell Meeting Participation: 85% weekly average

Leadership Pipeline:

- Potential Leaders in Training: 14
- Ready for Cell Leadership: 7
- Active Cell Leaders: 12
- Leaders of Leaders: 3

Visual Dashboards:

- Trend graphs (growth over time)
- Comparative analysis (cell-to-cell performance)
- Goal progress bars with milestone celebrations
- Predictive analytics (projected growth trajectory)

5. FUNDRAISING MANAGEMENT

5.1 Campaign Registry

Campaign Structure:

- Campaign Name & Purpose
- Goal Amount (₱), Timeline, Deadline
- Fundraising Methods: Donations, Events, SONs Cart Sales, Sponsorships
- Campaign Leaders & Team
- Target Audience (students, alumni, partners)

SONs Cart Integration:

- Product Catalog (Logo items, Pins, Merchandise)
- Order Management System
- Inventory Tracking
- Sales Analytics by Product/Event

5.2 Donor Management

Donor Database:

- Individual/Organization Profiles
- Contribution History & Patterns
- Communication Preferences
- Giving Tier/Recognition Level
- Thank-you Letter Automation

Receipt Generation:

- Automatic receipt creation upon donation
- Tax-deductible documentation
- Customizable templates
- Email/Print options

5.3 Financial Tracking & Transparency**Income Tracking:**

- By Source: Donations, Events, Sales, Grants
- By Category: Operations, Training, Outreach, Events
- Payment Method Tracking
- Recurring vs. One-Time Analysis

Expense Management:

- Budget Line Items vs. Actual Spending
- Approval Workflows for Expenditures
- Receipt/Documentation Attachment
- Project/Activity Cost Centers

Financial Reports:

- Monthly Income/Expense Statements
- Budget vs. Actual Variance Analysis
- Fundraising ROI by Campaign
- Quarterly Stakeholder Transparency Reports
- Annual Financial Summary

6. CONTENT STRATEGY & CALENDAR

6.1 Audience Analysis

Primary Audience: PUP Students (Ages 18-25)

- **Demographics:** University students across all programs, predominantly from Metro Manila
- **Psychographics:** Seeking spiritual community, leadership development, meaningful service
- **Digital Behavior:** Active on Facebook, Instagram, TikTok; prefer video & visual content
- **Pain Points:** Loneliness, academic stress, purpose-seeking, financial constraints
- **Motivations:** Belonging, growth, impact, fun & fellowship

Secondary Audience:

- Young professionals (alumni maintaining connection)
- Campus ministry partners & church leaders
- Parents and families of members

6.2 Content Pillars & Goals

Goal 1: Increase Engagement by 30%

- Metric: Likes, comments, shares, event RSVPs
- Target: From 15% to 45% engagement rate on posts
- Timeline: 6 months

Goal 2: Attract 50 New Members Per Semester

- Metric: New attendance tracking, conversion to cell membership
- Target: 25 per semester → 50 per semester
- Timeline: Next 2 semesters (1 year)

Goal 3: Enhance Training Participation by 40%

- Metric: Training session attendance, completion rates
- Target: From 50% to 90% completion of required training
- Timeline: This year

6.3 Content Types & Formats

Weekly Content Mix:

1. Devotional & Inspirational (40%)

- Monday: Verse of the Week + Reflection
- Wednesday: Mid-week Encouragement
- Format: Graphic + Caption (IG), Text Post (FB)

2. Event Promotion & Recaps (25%)

- Pre-Event: Countdown graphics, testimonials, FAQ
- Live Coverage: Stories, Reels during events
- Post-Event: Photo dump, video highlights, testimonies
- Format: Mixed media (photos, videos, carousels)

3. Training & Resources (20%)

- Leadership tips, Study guides, Prayer prompts
- "Leadership Lesson" series every Thursday
- Format: Infographics, short videos, blog posts

4. Evangelism Tools & Testimonies (10%)

- "Testimony Tuesday" video series
- Conversion stories, Life-change narratives
- Format: Video interviews (1-2 min), Written testimonies

5. Community Highlights (5%)

- Cell group spotlights, Member birthdays
- "Leader of the Month," Behind-the-scenes
- Format: Photo features, Reels, Stories

6.4 Content Calendar Template (6 Months: Jan-June 2026)

Week	Date	Content Topic	Content Type	Platform	Responsible	Status
1	Jan 6	New Year Vision Message	Video (2min)	FB/IG/YouTube	Comms Head	✓
1	Jan 8	Cell Group Kickoff Promo	Event Graphics	All Channels	Events Team	✓
2	Jan 13	Testimony Tuesday: Kyle's Story	Video Interview	IG Reels	Content Team	
2	Jan 15	SOL Training Series Launch	Blog + Graphics	Website/Social	Training Coord	
3	Jan 20	Week 3 Devotional	Graphic Design	FB/IG	Creatives	
3	Jan 22	Leadership Lesson: Delegation	Infographic	IG/FB	Comms Head	

4	Jan 27	Love Fest Event Countdown	Video Teaser	All Channels	Events Team	☐
4	Jan 29	Monthly KPI Report Visual	Data Viz	FB Group	Admin	☐
5	Feb 3	Love Fest Recap Video	Event Highlight	YouTube/FB	Content Team	☐
5	Feb 5	Cell Leader Spotlight: Cielle	Interview + Photos	IG/FB	Comms	☐
...	...	<i>[Continue for 26 weeks]</i>	...	...	...	...

Content Calendar Features in System:

- Drag-and-drop scheduling
- Content status tracking (Planned, In Progress, Published)
- Asset library for graphics/videos
- Approval workflow for sensitive content
- Auto-posting integration (optional)
- Performance analytics per post

6.5 Distribution Channels & Strategy

Channel 1: Facebook Group (Primary Hub)

- Purpose: Community discussion, announcements, resource sharing
- Posting Frequency: Daily (1-2 posts)
- Content: All types, prioritize discussions and events
- Engagement Strategy: Respond to comments within 2 hours, weekly discussion prompts

Channel 2: Instagram (@pupseeds)

- Purpose: Visual storytelling, youth appeal, recruitment
- Posting Frequency: 5-7 posts/week + Daily Stories
- Content: Reels (3/week), Carousels (2/week), Single images (2/week)
- Engagement Strategy: User-generated content campaigns, hashtag #PUPSeeds2026

Channel 3: Website/Member Portal

- Purpose: Official information, resource library, training materials
- Update Frequency: Weekly blog posts, Event calendar updates
- Content: Long-form articles, Training guides, Meeting minutes archive
- SEO Strategy: Campus ministry keywords, PUP-focused content

Channel 4: Messenger/Viber Groups

- Purpose: Direct cell group communication, urgent updates
- Posting Frequency: As needed (avg 2-3/week per group)
- Content: Meeting reminders, Quick updates, Prayer requests
- Protocol: Official announcements from leaders only

Channel 5: Email Newsletter

- Purpose: Weekly comprehensive update for committed members
- Sending Frequency: Every Sunday evening
- Content: Week ahead preview, Highlights from past week, Featured testimony
- Design: Mobile-responsive template with clear CTAs

Channel 6: Physical Bulletin Boards (PUP Campus)

- Purpose: Campus visibility, offline recruitment
- Update Frequency: Weekly
- Content: QR codes to online content, Event posters, Contact info
- Locations: PUP Main, CEA Building, Strategic high-traffic areas

6.6 Content Performance Metrics

KPI Tracking Dashboard:

Engagement Rate:

- Target: 45% average (likes + comments + shares / followers)
- Current: 15% (baseline)
- Tracking: Per post, weekly average, monthly trends

Reach & Impressions:

- Target: 5,000 unique accounts reached per week
- Current: 2,000 (baseline)
- Growth Goal: 150% increase in 6 months

Conversion Metrics:

- Content → Event Attendance: 25% click-through, 60% show-up rate
- Content → New Member Inquiry: 10 inquiries per month from social
- Content → Cell Group Sign-up: 5 new members per month from digital

Content Completion:

- Video Watch Time: Target 70% completion rate

- Training Materials Downloaded: 100 downloads/month
- Blog Post Reads: Average 3-minute time on page

Response Time:

- DM/Comment Response: Under 2 hours (working hours)
- Inquiry Follow-up: Within 24 hours
- Target: 95% response rate compliance

Share of Voice:

- Organic mentions/tags: 50 per month
- User-generated content: 20 posts per month
- Hashtag usage: #PUPSeeds2026 used 100x per month

6.7 Budget Allocation (Quarterly: ₱15,000-25,000)

Content Creation (₱5,000-8,000):

- Canva Pro subscription: ₱500/month = ₱1,500/quarter
- Stock photos/video licenses: ₱1,000
- Printing for physical materials: ₱1,500
- Photography/videography equipment maintenance: ₱2,000
- Freelance designer (as needed): ₱2,000

Distribution & Promotion (₱6,000-10,000):

- Facebook Ad spend: ₱3,000 (₱1,000/month for boosted posts)
- Instagram Ad spend: ₱2,000
- Website hosting & domain: ₱1,200/quarter
- SMS platform for reminders: ₱1,800
- Email marketing tool (Mailchimp/similar): ₱1,000

Training & Development (₱4,000-7,000):

- Content team training workshop: ₱3,000
- Social media management course: ₱2,000
- Analytics tools subscription: ₱1,000
- Content templates & resources: ₱1,000

Contingency Fund (₱1,000-2,000):

- Emergency promotions, Opportunity-based spending
-

7. TECHNICAL SPECIFICATIONS

7.1 Database Structure

Recommended Platform: Airtable or Custom Web App

Data Tables:

1. **Members** (Primary Table)
 - Member ID (Auto-number)
 - Personal Info (Name, Photo, Birthday, Contact)
 - Linked: Cell Group, Primary Leader, Training Records
 - Status Fields, Dates (Joined, Converted, Last Active)
2. **Cell Groups**
 - Group ID, Name, Leader (Linked to Members)
 - Schedule, Venue, Status
 - Linked: Members List, Events, Reports
3. **Events**
 - Event ID, Type, Date/Time, Venue
 - Linked: Attendees (Members), Cell Groups, Photos
 - Outcome Notes, Metrics
4. **Training Sessions**
 - Session ID, Module Name, Level
 - Date, Instructor, Venue
 - Linked: Enrolled Members, Completion Records
5. **Evangelism Contacts**
 - Contact ID, Name, Source, Date
 - Linked: Follow-up Person (Member), Status
 - Pathway Progress Tracking
6. **Financial Transactions**
 - Transaction ID, Type (Income/Expense)
 - Amount, Date, Category, Campaign
 - Receipt Attachment, Approval Status
7. **Content Calendar**
 - Content ID, Topic, Type, Channel
 - Publish Date, Responsible Person
 - Status, Performance Metrics

7.2 Access Control & Security

User Roles:

Role	Access Level	Permissions
Super Admin	Full Access	All modules, User management, Financial data
National Leader	High Access	View all, Edit most, No user deletion
Primary Leader	Moderate Access	Own cell groups, Assigned members, Limited reports
Cell Leader	Limited Access	Own cell roster, Event attendance, Training view
Member	View Only	Personal profile, Cell group info, Calendar
Guest	Restricted	Public calendar, Event info only

Security Features:

- Multi-factor authentication for admin roles
- Encrypted connections (HTTPS/SSL)
- Regular automated backups (daily, stored off-site)
- Audit logs for sensitive data changes
- GDPR-compliant data handling (right to access/delete)

7.3 Integration & Automation

Automated Workflows:

1. **Weekly Reports:** Auto-generate attendance summary every Monday
2. **Birthday Greetings:** Automated messages to members on their birthday
3. **Follow-up Reminders:** Alerts for evangelism contacts needing check-ins
4. **Training Deadlines:** Notifications 1 week before course completion deadlines
5. **Financial Reports:** Monthly expense/income summaries emailed to leadership

External Integrations:

- Google Calendar sync (export events)
- Email marketing platform (Mailchimp API)
- SMS gateway for reminders (Semaphore, Twilio)
- Social media scheduling (Buffer, Hootsuite)
- Payment gateways (GCash, PayMaya for donations)

Data Export Options:

- PDF reports (formatted for printing)
- Excel/CSV (for external analysis)
- JSON (for system backups)
- API endpoints (for future app integrations)

7.4 Mobile Optimization

Progressive Web App Features:

- Installable on home screen (iOS/Android)
- Offline data caching (last 30 days of records)
- Push notifications (with user permission)
- Camera integration (for photo uploads)
- GPS for event check-ins (optional)

Responsive Design Breakpoints:

- Mobile: 320px - 767px (Priority)
- Tablet: 768px - 1023px
- Desktop: 1024px+

Performance Standards:

- Page load time: < 3 seconds on 3G
 - Image optimization: WebP format, lazy loading
 - Minimal JS bundle size: < 200KB
-

8. IMPLEMENTATION ROADMAP

Phase 1: Foundation (Months 1-2)

- [] Database setup with core tables (Members, Cell Groups, Events)
- [] User authentication and basic access control
- [] Mobile-responsive UI framework
- [] Import existing data from current records

Deliverables:

- Functional member directory
- Basic cell group management
- Simple event calendar

Phase 2: Core Features (Months 3-4)

- ☐ Training level tracking system
- ☐ Evangelism contact management
- ☐ Weekly attendance tracker
- ☐ KPI dashboard (basic metrics)
- ☐ Minutes of meetings archive

Deliverables:

- Complete member lifecycle tracking
- Automated weekly reports
- Leadership dashboard

Phase 3: Advanced Features (Months 5-6)

- ☐ Gamification elements (forest theme, badges)
- ☐ Fundraising module
- ☐ Content calendar integration
- ☐ Financial tracking & reporting
- ☐ Advanced analytics

Deliverables:

- Fully gamified user experience
- Comprehensive financial management
- Content strategy execution tools

Phase 4: Optimization (Months 7-9)

- ☐ Mobile app packaging (PWA)
- ☐ Automation workflows
- ☐ External integrations (social media, payments)
- ☐ Performance optimization
- ☐ User feedback incorporation

Deliverables:

- Installable mobile app
- Fully automated systems
- Optimized user experience

Phase 5: Scale & Sustain (Ongoing)

- ☐ User training & onboarding program
- ☐ Documentation & support materials
- ☐ Regular feature updates based on usage data

- [] Community feedback loops
 - [] Continuous improvement cycles
-

9. SUCCESS CRITERIA

Quantitative Metrics (12-Month Goals)

Adoption Metrics:

- 95% of active members with system accounts
- 80% weekly active usage among cell leaders
- 50% member engagement with content features

Growth Metrics:

- Members: 54 → 160 (200% growth)
- Cell Groups: 12 → 32 (167% growth)
- Cell Leaders: 12 → 32 (trained and deployed)

Efficiency Metrics:

- Attendance reporting time: 30 min → 5 min (83% reduction)
- Report generation: Manual → Automated (100% automation)
- Follow-up response time: 3 days → 24 hours (88% improvement)

Engagement Metrics:

- Training completion rate: 50% → 90%
- Event participation: 60% → 85%
- Content engagement: 15% → 45%

Qualitative Metrics

User Satisfaction:

- Net Promoter Score (NPS): Target 8+/10
- Ease of use rating: 9+/10
- Feature request implementation: 75% within 3 months

Organizational Impact:

- Leadership reports 70%+ time savings
- Members feel more connected and informed

- Decision-making improved with data insights
 - Fundraising transparency increases donor confidence
-

10. SUPPORT & MAINTENANCE

User Support Structure

Tier 1: Self-Service

- In-app help tooltips and tutorials
- Video guides for common tasks
- Searchable knowledge base/FAQ

Tier 2: Peer Support

- Cell leader champions trained as first responders
- User community forum for Q&A
- Weekly office hours (virtual drop-in)

Tier 3: Admin Support

- Dedicated support email/chat
- Monthly training sessions
- Bug reporting system with SLA (48-hour response)

Maintenance Schedule

Daily:

- Automated backups at midnight
- System health monitoring
- Security log review

Weekly:

- Data integrity checks
- Performance optimization
- User feedback review

Monthly:

- Feature updates deployment
- Security patches

- Usage analytics report to leadership

Quarterly:

- Major version updates
 - User satisfaction survey
 - Strategy review and roadmap adjustment
-

11. DATA MIGRATION PLAN

From Current Excel/PDF Records to New System

Step 1: Data Audit (Week 1)

- Review all existing records for completeness
- Identify data gaps and inconsistencies
- Create standardized field mapping

Step 2: Data Cleaning (Week 2)

- Standardize name formats
- Validate contact information
- Deduplicate entries
- Fill critical gaps (birthdays, statuses)

Step 3: Test Import (Week 3)

- Import subset of data (10% sample)
- Verify accuracy and relationships
- Adjust import scripts as needed

Step 4: Full Migration (Week 4)

- Import all member records (54 current)
- Import cell group structures (12 groups)
- Import historical event data
- Import training completion records

Step 5: Verification (Week 5)

- Manual spot-checks (20% of records)
- Cross-reference with original documents
- Leaders verify their cell group rosters
- Correction period for issues

12. TRAINING & ONBOARDING

Training Program Structure

Leadership Training (4 hours total):

- **Session 1:** System overview, Navigation basics (1 hour)
- **Session 2:** Cell group management, Attendance tracking (1.5 hours)
- **Session 3:** Reports, Analytics, Decision-making tools (1 hour)
- **Session 4:** Admin functions, Troubleshooting (30 min)

Cell Leader Training (2 hours):

- **Session 1:** Member management, Event scheduling (1 hour)
- **Session 2:** Reporting, Communication features (1 hour)

Member Onboarding (30 minutes):

- Account setup, Profile completion
- Calendar subscription, Mobile app installation
- Basic navigation, Support resources

Training Materials

- Video tutorials (5-10 min each, 12 total)
 - Quick reference cards (printable PDF)
 - Interactive in-app walkthroughs
 - Monthly "Feature Spotlight" emails
-

13. RISK MITIGATION

Identified Risks & Mitigation Strategies

Risk	Probability	Impact	Mitigation Strategy
Low user adoption	Medium	High	Mandatory onboarding, Leadership endorsement, Gamification incentives
Data security breach	Low	Critical	Multi-factor auth, Encryption, Regular audits, Incident response plan

System downtime	Medium	Medium	Cloud hosting (99.9% uptime SLA), Offline mode, Backup systems
Budget overrun	Medium	Medium	Phased implementation, Open-source options, Quarterly budget reviews
Poor data quality	High	Medium	Validation rules, Mandatory fields, Regular data audits
Feature creep	High	Low	Strict scope management, User feedback prioritization
Technical skills gap	Medium	Medium	Comprehensive training, User-friendly design, Ongoing support

14. FUTURE ENHANCEMENTS (Post-Launch)

Year 2 Roadmap

Enhanced Features:

- AI-powered growth predictions and recommendations
- Automated cell group health diagnostics
- Personalized member development pathways
- Integration with national church database
- Multi-campus expansion support
- Alumni network module
- Parent/family portal

Advanced Analytics:

- Predictive modeling for retention
- Sentiment analysis from feedback
- Social network analysis (member connections)
- Resource allocation optimization

Community Features:

- In-app messaging/chat
 - Prayer request board
 - Testimony sharing platform
 - Skill-sharing marketplace (members helping members)
-

APPENDICES

A. Data Dictionary

Member Status Definitions:

- **Attender:** 1-3 visits, no commitment
- **Cell Member:** Regular attendance, basic integration
- **Potential Leader:** In training, leadership qualities evident
- **Cell Leader:** Leading a cell group, completed SOL 1+
- **Leader of Leaders:** Supervising multiple cell leaders

Training Level Definitions:

- **LC L1-4:** Foundational lifeclass (Christian basics)
- **Encounter:** Intensive spiritual retreat/breakthrough
- **LC L6-9:** Intermediate lifeclass (Discipleship)
- **SOL 1-3:** School of Leaders (Leadership development)
- **Graduate:** Completed full leadership curriculum

B. Sample Reports

Weekly Cell Group Report:

Cell: Lausin Group (Online)

Date: February 2, 2026

Attendance: 4/5 (80%)

Present: Kyle, Lhuiz, Andrei, Clark

Absent: Mark (sick)

New Visitors: 0

Training Milestone: Clark completed LC L1-4

Follow-ups Needed: Mark (prayer for healing)

Next Week Topic: Faith & Finances

Monthly Growth Dashboard:

PUP SONS - January 2026 Summary

Members: 54 → 58 (+4, 7% growth)

Cell Groups: 12 (no change)

Avg Attendance: 85% (target: 80%) ✓

New Converts: 6

Training Completions: 8 (LC), 3 (SOL 1)

Top Performing Cell: Dorado Group (95% attendance)

Focus Area: Wilma Group (needs support)

C. User Story Examples

As a Cell Leader: "I want to quickly take attendance on my phone during cell meeting, so I don't have to remember to report it later."

As a National Leader: "I want to see which cell groups are struggling with attendance, so I can provide targeted support before they become inactive."

As a Potential Leader: "I want to see my training progress visually, so I feel motivated to complete the next module."

As a Member: "I want to receive reminders for upcoming events, so I don't miss out on important gatherings."

As a Communications Head: "I want to schedule social media posts in advance, so I can maintain consistent engagement without daily manual posting."

CONCLUSION

This comprehensive system specification provides a complete blueprint for the PUP SONS Database & Cell Group Tracker. By implementing this system with the gamified forest theme, integrated calendars, automated workflows, and data-driven insights, SONS will be equipped to:

1. **Track and nurture** every member from first contact to mature leadership
2. **Streamline operations** through automation and intuitive interfaces
3. **Make informed decisions** backed by real-time data and analytics
4. **Scale sustainably** from 54 to 160+ members with systematic processes
5. **Engage digitally** with a compelling content strategy across all channels
6. **Maintain financial transparency** with comprehensive fundraising tools

Next Steps:

1. Review and approve this specification with leadership team
2. Select development platform and team (in-house or external)
3. Begin Phase 1 implementation (Months 1-2)
4. Conduct pilot with 2-3 cell groups for feedback
5. Iterate and launch full system to all groups

Estimated Timeline: 9-12 months from approval to full deployment

Document Version: 2.0 Enhanced **Last Updated:** February 2, 2026 **Prepared For:** PUP
